Containers (Docker/Kubernetes)

1 achievement

Connect the parts of your system

The work collected under “Containers (Docker/Kubernetes)” shows one part of a working system. We can help connect that part to the rest of your operation. Dashboards and reports showing the handful of figures a decision actually turns on, refreshed without being asked.

Built the company's first observability dashboard

Developed and launched the company's first observability dashboard, providing real-time system performance insights and data visualization on the large office TV.

Focus the engineering effort

Bring a representative dataset, the questions it must answer and the current bottleneck. We can agree how to measure quality, throughput and recovery.
